MARGARET MITCHELL

Atlanta, Georgia

May 30, 1938

Dear Mother Dyar:

I was so sorry to hear that the winter had used you badly and that you were still weak and not feeling well. We had hoped, of course, to see your welcoming face at the Press Convention and are very sorry to know that you will not be there. I don't believe the Convention can be legally opened without your presence!

John and I did not get to go to Adel nor to the Press Institute in the spring. We were both too busy to go to the first and were visiting John's mother during the second. So, of course, we are looking forward to Swainsboro and Savannah. John and I had a nice long vacation which ended on May 1st. It was the first real vacation we had had in thirteen years for generally John is too busy to get away for more than three days. It did us both so much good. I know you will not believe me when I tell you that I gained twenty pounds. I had lost so much weight that I am very glad to be plump again. I wish I could give you a few of my pounds. I was distressed to hear that you had lost so much weight. No wonder you feel weak. I hope that summer weather and summer food will put your weight back on you.

John joins me in sending our love to you. And please remember us to the family.
